

AGA KHAN FOUNDATION

The Chairman

Aiglemont,

April 2, 1996

My dear spiritual children,

I was most happy to learn from the Chairman of the National Committee of the Aga Khan Foundation (Canada) about your magnificent contribution in 1994 towards the Foundation's socio-economic activities.

You are aware that I attach the greatest importance to the improvement of the quality of life of members of the Jamat and of the societies in which they live. Your generous support for this important cause is worthy of the greatest admiration and emulation, and I send you my warmest congratulations.

I give you and your family my most affectionate special paternal maternal loving blessings.

Yours affectionately,

Aga Khan.
