Dear Dr. Abdulla,

We were very pleased to receive your letter of March 1st in which you broke the good news that the University of Southern California has agreed to fund you fully for the coming academic year. With the present very tight fiscal situation at US universities, that was quite a feat! Congratulations. The sum we had set aside for you will indeed give us the possibility to aid other needy students, as we receive very many requests each year from highly qualified candidates. We thank you for having informed us well ahead of time to be able to plan out budget for new scholarships for next year.

Dr. Forrester's report on your progress arrived in time for us to be able to report on your very interesting work to the Board in February. Kindly ask him to send us a final report for our June report to the Board.
