Dear Alnoor and Nargis,

Congratulations on putting together a strong, interesting program for the ISP meeting. I am looking forward to hearing about the students' reactions and hope you have a good crowd.

I am writing to you in haste to let you know that the deadline for the December Information Bulletin is December 10. Therefore, could you please send the report about the meeting and photographs by courier (at our expense) so that we receive them by Monday the 9th at the latest? As far as the photos are concerned, I believe that black and white prints will reproduce the best.

I will be thinking of you on the 30th.

All the best,

Catherine Hieronymi
